

We are excited for you to meet one of our partner agents who has become a Roadtrips All-Star Sports Travel Specialist. She puts so much effort into helping her clients realize their travel dreams. And as her clients have discovered that she is able to provide custom trips to their preferred sporting events, it has opened a whole new opportunity for her and Travel by Pathfinders, a TLN agency in Grosse Pointe Woods Michigan.

In the last few years Kim has worked with Roadtrips, an Internova owned sports travel company, to write five invoices for over \$700K. As a preferred agency she earned 12% on those invoices.

“The thrill I get when I get working with my dear clients to create lifetime travel memories is priceless. And I have found that combining love of travel and a passion for sports is, for some clients, the most exciting combination they can image. I am so pleased we have Roadtrips as a Internova owned supplier”.
